

7. Limit of Clearing. Development envelopes for structures, driveways,

7. Limit of Clearing. Development envelopes for structures, driveways, wastewater disposal, lawn areas and utility work shall be designated to limit clearing and grading.

a. During clearing and/or construction activities, the limit of work line shall be marked by temporary protective fencing or other measures before any clearing or grading occurs, and maintained until all construction work

-47- is completed and the site is cleaned up. Area beyond the limit of work shall be retained in an undisturbed state.

b. In order to minimize the clearing and grading on a site associated with construction activities such as parking of construction vehicles, offices/trailers, stockpiling of equipment/materials, such activities may be limited to areas already planned for permanent structures.

c. Topsoil shall not be stockpiled in areas of protected trees, wetlands, and/or their vegetated buffers.
